Participant Price Guide - 2026

This guide explains APRDA's 2026 programs and fees. Our sessions help participants build skills, confidence and independence in a safe and supportive space. Most programs run during school terms to support steady progress. Fees depend on the program and whether it's NDIS funded or privately paid. Some extra costs, like assessments or reports, may apply. If you're unsure about anything, our friendly team is always happy to help.
